La Paloma Academy Central is thrilled to introduce its Pre-K program, designed for children ages 3-5 who are bathroom independent.

Since 2002, La Paloma Academy has firmly believed that high-quality early childhood education is crucial for building a strong academic foundation that fosters lifelong learning. Our experienced and caring teachers will follow the Arizona State Standards in preparing your child for kindergarten. They will introduce your child to literacy and vocabulary, math, science, and music, while also providing ample opportunities for fun outdoor activities.

La Paloma Academy also offers before-school care starting at 7:30 a.m., and after-school care until 5:30 p.m., as well as breakfast and lunch, all at no cost to parents.

Research shows that children who participate in Pre-K classes and engage in play-based learning have enhanced academic and developmental outcomes and possess the skills necessary for future success.

The instructors at La Paloma Academy Central's Pre-K are there to offer strong support for parents in their children's development. We understand your concerns about being away from your child and pledge to create a secure, joyful, and productive environment for them. By maintaining small, intimate class sizes, we ensure that our teachers can provide individualized instruction to each student, creating a safe, happy, and developmentally appropriate setting.

Now is the time to enroll your little ones in La Paloma Academy Central's Pre-K as we help them build foundational knowledge and values through engaging activities that make learning enjoyable. This early start will prepare each Pre-K student for a highly successful elementary school experience.
